technology on the move

IT'S A MATTER OF MOBILITY

Resco Mobile CRM app is a mobile client for Microsoft Dynamics CRM with intuitive & user friendly design and rich feature set. Access your Accounts, Leads, Opportunities, Calendar, Activities & other features and entities on the go.

Bring in the features and capabilities you want

With customization tool Woodford, you can add Custom Entities and Fields, design your own Views and Forms, create alternate versions for different users, and much more. All of this can be done very easily & comfortably, simply by drag-and-dropping. Resco Mobile CRM solution adapts to you, not the other way around.

ENTERPRISE SECURITY

Boost the security of Mobile CRM with a wide selection of enterprise-class safety measures:

- remotely wipe out/lock the app
- restrict users to work within a given time frame only

USER AUDIT

Supervisors are able to track when & where their mobile users:

- create, delete or edit entities
- synchronize the application
- launch, pause and exit the app

QUICK & DIRECT ACCESS

Resco Mobile CRM connects to the CRM server directly, with no middleware involved.

- fast and easy deployment
- direct access to your data

MULTIMEDIA ATTACHMENTS

The app supports PDF, MS Office, picture and html attachments for each entity:

- view and add documents
- take pictures or get signatures at the spot

INTERACTIVE MAPS

See accounts, contacts, leads or your custom entities as pins on an interactive map:

- plan your route or find the nearest location
- navigate to your destination

ONLINE/OFFLINE MODE

Easily switch between offline and online mode according to your preferences or current needs:

- work online with real-time data
- or offline without an Internet connection
